

CALIFORNIA INTEGRATED WASTE MANAGEMENT BOARD

Resolution 98-120

**ACCEPTANCE OF SUBMITTED REVISED COMPLIANCE SCHEDULE FOR
JURISDICTIONS THAT HAVE FAILED TO FILE ADEQUATE HOUSEHOLD
HAZARDOUS WASTE ELEMENTS, COUNTYWIDE SUMMARY PLANS, AND/OR
SITING ELEMENTS**

WHEREAS, To facilitate getting the Household Hazardous Waste Elements (HHWE), Countywide Summary Plans (SP), and/or Siting Elements (SE) filed in a timely manner, the California Integrated Waste Management Board, hereafter referred to as "the Board," approved enforcement procedures which includes a stepwise approach to be used as guidance for the Board on the appropriate level of administrative action or penalty (consistent with the outline in the County Integrated Waste Management Plan Enforcement Policy); and,

WHEREAS, The Board has determined that continuing this stepwise approach would demonstrate the Board's commitment to enforcing compliance with the IWMA; and,

WHEREAS, This approach allowed the Board to identify and provide needed technical assistance, provide local entities adequate time to prepare documents after technical assistance is received, and allowed continued cooperative partnerships between the Board and jurisdictions, while at the same time it allowed the Board to establish an administrative record should enforcement action be ultimately necessary; and,

WHEREAS, Staff will continue its practice of working closely with any local jurisdiction which submits its documents to the Board for consideration to assist them in coming into compliance; and,

WHEREAS, The Board has statutory responsibility under Public Resources Code (PRC) section 41813 to enforce the provisions of the IWMA if a local jurisdiction fails to submit an adequate element or plan, which may be imposed on local jurisdictions until the element or plan is submitted to the Board and is deemed adequate; and,

* =	revised schedule					

WHEREAS, 23 jurisdictions still have outstanding HHWEs, SPs, and/or SEs, 19 of these jurisdictions have submitted revised compliance schedules detailing how they plan to submit their outstanding elements; and,

NOW, THEREFORE, BE IT RESOLVED that the Board hereby accept the revised compliance schedules as submitted.

BE IT FURTHER RESOLVED the City of Westmoreland has submitted their compliance schedule, but the document is now overdue, therefore, the Board will serve a Notice of Hearing on the city and schedule a public hearing in accordance with PRC section 41813 to be held at the time of the next available Board meeting.

CERTIFICATION

The undersigned Executive Director, or his designee, of the California Integrated Waste Management Board does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the California Integrated Waste Management Board held on April 29, 1998.

Sacramento, CA 95826

Dear Ms. Gray:

The following is a proposed compliance schedule for the County of Santa Barbara's Final Draft Countywide Integrated Waste Summary Plan and Siting Element. To date, preliminary draft documents have been written and submitted to the appropriate parties for comment, including the CIWMB. The comments have been integrated into the documents, and at this point, we need to complete the environmental document. Once completed, we will submit the complete package to each of the jurisdictions for approval.

Milestones

Summary Plan/Siting Element

LTF Final Draft Comments	December 1, 1997
Completion of Environmental Document	April 7, 1998
Notice for Public Hearings	April 7, 1998
Public Hearings/Resolutions Adopting Documents	May 5, 1998
Notice of Determination	May 11, 1998
Final Submittal to Board	May 18, 1998

If you have any questions regarding this proposed schedule, please contact me at (805) 882-3611 or Shari Wilbarger at (805) 882-3602. Thank you for your assistance with this schedule.

Sincerely,

Heidi Whitman

Dear John:

SUBJECT: SITING ELEMENT FOR TRINITY COUNTY - DRAFT REVISED TIME LINE

This letter presents the recommended revised compliance schedule for completion of the Trinity County Siting Element. To accelerate the time line, tasks over which Trinity County and the Local Task Force (LTF) have control have been shortened to less than the regulatory maximums. These tasks are noted with an asterisk.

Siting Element Schedule

**Subject: Compliance Schedule For Submittal of
Countywide Siting Element and Summary Plan**

Dear Ms. Stycket:

In accordance with CCR, Title 14, Division 7, Chapter 9, Article 8, Section 18776 through 18788, the Draft Preliminary Siting Element and Summary Plan have been completed and is scheduled for circulation to reviewing agencies, the Local Task Force and to the California Integrated Waste Management Board (CIWMB). Enclosed for your approval is a "revised compliance schedule" ensuring submission of the locally approved Siting Element and the Plan to the Board.

Imperial County acknowledges its non-compliance status for not having submitted "Final" locally adopted Elements to the CIWMB by October 17, 1997. However, we hope the Board will accept the revised compliance schedule for submittal of the Countywide Siting and Summary Plan. There are a number of reasons as to why the Elements were not filed as indicated in previous "compliance schedule" correspondence between the County and the CIWMB Office of Local Assistance. Reasons stem from, the original consultants contracted to prepare the Elements back in 1992 failed to complete both the Siting and Summary Plan, local jurisdiction turnover in personnel which impacted the make-up of the Local Task Force and lead agency, and delay in adoption of local jurisdictions SRR and HHW Elements.

The attached compliance schedule will ensure submittal of the Elements, by the proposed due date, to the CIWMB. The time schedule also ensures the general public, affected agencies, and private industries the opportunity to comment on the development and implementation of the Siting Element and the Plan.

Letter to CIWMB/ Siting Element
Page 2

I look to forward to your approval of the revised compliance schedule. If you should have any questions regarding the schedule, please give me a call at (760) 339-4583

RE: Compliance Schedule for Submittal of Summary Plan

Dear Mr. Pennington:

The Mendocino Solid Waste Management Authority has been delegated the responsibility of preparing the Summary Plan on behalf of Mendocino County and its cities.

In response to your letter(s) of February 18, 1998, the following compliance schedule is provided for the Mendocino County Summary Plan:

Distribution of Preliminary Draft of Summary Plan	March 12, 1998
Consideration and comment by jurisdictions & LTF on Preliminary Draft	March-April, 1998
Response to comments	April 30, 1998
Distribution of Final Draft of Summary Plan	April 30, 1998
Consideration and comment by jurisdictions & LTF on Final Draft	May, 1998
Filing CEQA Document	May 1, 1998
Notice of Public Hearings on Final Draft Summary Plan by county and all incorporated cities	June 1, 1998
End of Public Comment Period on Final Draft	July 1, 1998

Subject: Compliance Schedule

Dear Tabetha,

Pursuant to our conversation, it now appears that the Sitting Element was submitted but CEQA was not completed. Therefore, we need to complete the Summary Plan and CEQA for the Sitting. Accordingly, we will need time to complete these tasks

1. Sitting Element (needs CEQA, Town & County approval by resolution).
2. Summary Plan, (needs to be completed and submitted accordingly).

Summary Plan and Sitting Element: Mono County will hopefully be able to complete and submit these by July 1, 1998.

It is my understanding that the above are the only documents remaining uncompleted. It should be noted, Mono County did not know these elements had not been completed until recently. Your agreement to assist us in preparation and provide reasonable time extensions to complete the tasks is greatly appreciated.

Please let us know if there are any other requirements left to be completed. Should you have any questions, or if I can be of any assistance, please contact me at any time.

Sincerely,

Greg Newbry

RE: Compliance Schedules for the Lassen County's Household Hazardous Waste Element, Sitting Element and Summary Plan.

Dear Ms Sanborn:

Back in December of last year I updated the Compliance Schedules for the above referenced planning documents. In these schedules I had the final date for the submittal of the HHWE to the Board as 4/10/98 and for the Sitting Element and Summary Plan as 5/15/98.

All of these documents are completed in the final draft form and are waiting for final adoption by the Board of Supervisors. This is being held up pending the adoption of a Joint Powers Agreement between Lassen County and the City of Susanville. The adoption of this JPA, which was to be completed by January 1998, has not been finalized. The word I get now is that the County and City are close to agreement on this JPA and they expect to have it adopted by July 1, 1998. Therefore, the County would request that you consider extending the submittal dates for these documents to November 1, 1998.

As you probably recall, I have taken the Final adoption and public hearing for the HHWE to the Board of Supervisors and this was postponed until the adoption of the JPA. Therefore, I'm afraid this is one of those political issues which we are faced with and I don't have any control over.

Please consider our request to extend the submittal dates for our remaining documents.

We would appreciate any assistance you can give us in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Larry D. Millar".

Subject: Compliance Schedule

Dear Tabetha,

Pursuant to our conversation, it now appears that the Sitting Element was submitted but CEQA was not completed. Therefore, we need to complete the Summary Plan and CEQA for the Sitting. Accordingly, we will need time to complete these tasks

1. Sitting Element (needs CEQA, Town & County approval by resolution).
2. Summary Plan, (needs to be completed and submitted accordingly).

Summary Plan and Sitting Element; Mono County will hopefully be able to complete and submit these by July 1, 1998, however, in order to provide a reasonable time buffer for unforeseen problems we are requesting an **extension to October 1, 1998.**

It is my understanding that the above are the only documents remaining uncompleted. It should be noted, Mono County did not know these elements had not been completed until recently. Your agreement to assist us in preparation and provide reasonable time extensions to complete the tasks is greatly appreciated.

Please let us know if there are any other requirements left to be completed. Should you have any questions, or if I can be of any assistance, please contact me at any time.

Sincerely,

Greg Newbry
Environmental Services Manager

JOHN JOYCE, DIRECTOR

March 3, 1998

Mr. Alan White, Office of Local Assistance
California Integrated Waste Management Board
8800 Cal Center Drive
Sacramento, CA 95826

**RE: SUBMISSION OF COMPLIANCE SCHEDULE OF COUNTYWIDE SITING PLAN
AND SUMMARY ELEMENT.**

Dear Mr. White:

Colusa County Public Works is supplying a compliance schedule for the above listed document. Public Works staff is the technical advisor and generator of these documents under the direction of the Solid Waste Task Force (SWTF). The SWTF does not need to have a designated comment period because they are directly involved in the generation of all the elements of the Countywide Integrated Waste Management Plan.

The current plan is that the SWTF will complete the Siting Element at the May 13, 1998 meeting and the Summary Plan at the June 10, 1998 meeting. The Siting Element will be under detailed review by the public and local governments. The County is involved in a controversy over the siting of a regional landfill, CERRS. There are several lawsuits that have been filed as a result of this proposed facility. An initiative petition has achieved the required signatures and has been scheduled for the June ballot. This initiative names the Siting Element of the Countywide Integrated Waste Management Plan as being effected by the result of this vote.

Proponents of the initiative are in attendance at the SWTF meetings that involve the Siting Element. It is hoped that their participation will allow the generation of this document to be completed before the June ballot. The completion of this element prior to the election will require an agreement of the document verbage by all interested parties. Any language in the element that refers to the petition will be noted that such language is subject to the election. This is the "Draft" document and can be changed prior to the "Final" document.

The Siting Element will be submitted to the Planning Commissions for CEQA review. The County Planning Commission agenda and hearing sheet is attached. If the element is submitted by June 1, 1998 it will be heard by the commission at a public hearing on September 14, 1998. The "Draft" will also be submitted to CIWMB by June 1, 1998. This will allow CIWMB to have

24-26

its 45 day review during the planning commission process.

The "Draft" element will have the comments responded to between September 15 and October 1 of 1998. The final element will be set for a public hearing at the City Councils of Williams and Colusa and the Board of Supervisors at the first meeting after the 30 day public notice. If all goes well between all interested parties the "Final" Siting Element should be submitted to CIWMB by November 16, 1998.

The Summary Plan will follow a similar path but thirty days after the Siting Element. Submission of the Summary Plan should be accomplished by December 15, 1998. The Siting Element is subject to a very detailed review. The submission schedule for this element maybe very fragile. A copy of the initiative is attached.

If there are any questions please contact me at the above listed telephone or address. Thank you for your time and consideration.

Sincerely,

John Joyce
Director of Public Works

Office of Local Assistance

Dear Ms. Sanborn:

In response to your direction of March 5, 1998, we are providing this letter to request a time extension for the Siting Element Compliance Schedule for Sierra County.

The time frame submitted by Sierra County on January 15, 1998 did not take into consideration the time required for the numerous required public hearings. In order to meet the noticing requirements of the CIWMB, it will be necessary to make the following changes to the Compliance Schedule:

<u>MILESTONE/TASKS - SITING ELEMENT</u>	<u>COMPLETION DATE</u>
Preparation of <u>PRELIMINARY DRAFT SITING ELEMENT</u>	May, 1998
Begin CEQA Negative Declaration Process	May, 1998
LTF Review of <u>PRELIMINARY DRAFT</u> . Add LTF comments to <u>PRELIMINARY DRAFT</u>	LTF meeting, May, 1998
JPA - BOARD OF SUPERVISORS AND LOYALTON CITY COUNCIL Set PUBLIC HEARINGS on July 21, 1998 for <u>PRELIMINARY DRAFT</u> . Board of Supv. & Loyalton City Council (Start of 30 day Public Notice period prior to public hearing)	June 16, 1998 Board of Supv. Mtg. And Loyalton City Council Mtg. (6/16-7/21 = 36 days)
JPA - Sierra County BOARD OF SUPV. and LOYALTON CITY COUNCIL Conduct PUBLIC HEARINGS for <u>PRELIMINARY DRAFT SITING ELEMENT</u> . Take public comments And ADOPT <u>DRAFT SITING ELEMENT</u>	July 21, 1998 Board of Supv. Mtg. and Loyalton City Council Mtg.
